RARE AND UNUSUAL COINS

(Including 1802 Half Dime and 1796 Half Dollar)

1040.	1802 Half Dime, the rarest of the entire series. The date is very bold, most of the obverse design and lettering is visible. Could be called Good. The reverse is poor with nothing readable. Even in this condition it is excessively rare	150.00
1041.	1796 Half Dollar, also one of the rarest of this series. Variety with 16 stars. Obverse is Very good showing only even wear but has indentation possibly done in coining on bust of Liberty. Reverse is considerably worn though most of design is visible. Would be considered About good. Still better than just a space filler	125.00
1042.	1921 Quarter, sharp Uncirculated, full head, rare	50.00
1043.	1946 5c nickel struck in copper (on a one cent planchet) Unc	50.00

The Exceedingly Rare 1793 Strawberry Leaf Cent

LOT NO. 1044

1793 Strawberry Wreath Large Cent, Crosby 5-F, sometimes called "Laurel-Blossom" or "Clover Leaf." Mr. Crosby contends that it was intended to represent a sprig of three leaves and a boll of cotton. This is one of the outstanding rarities in the United States series and it was regrettable that of the six specimens, none are in choice condition. The finest known is in a New England collection. It is in Fine condition and was purchased from me at a record price for a copper coin at $2,750.00. In 1941 I sold another specimen to a prominent Cincinnati collector in About good condition for $1,250.00. This is mentioned to indicate the rarity and value of this coin.

This Strawberry Wreath Cent has been examined by a number of Large Cent specialists and there is no question as to its authenticity. The obverse is Good with all the design and date readable. It is dark and has a rough, slightly eroded surface. The reverse is Very good and does not show the light corrosion as on the obverse. I consider this the third or fourth best specimen known and believe it should bring near the estimate of $2,500.00 which I have placed on it. **NOTE:** The photograph of this coin has been enlarged to show greater detail.
